Subject: Action Items from May 3 Call on 4b "Other Pollution Controls" and Sediment Impaired Waters in the MidCoast Basin
[Category 4b.docx](#)
 (embedded image)

4b "Other Pollution Controls" and Sediment Impaired Waters in the MidCoast Basin
 May 3
 Action Items

Jill (or Dave P) will email 4b examples, especially Yellow Jacket in Washington and Bear Valley Creek/Elk Creek in Idaho

(Note from Jayne: I found the following while confirming the name of the watershed: Bear Valley Road Inventory (GRAIP) Report In Support of the Bear Valley Category 4b Demonstration, Boise National Forest

http://www.deq.idaho.gov/water/data_reports/surface_water/tmdls/salmon_river_mf/bear_valley_creek_graip_report.pdf)

Dave P will meet with ODEQ folks to further discuss the issue of legacy roads and landslide-prone areas.

ODEQ will explore whether the Larry Knudsen, Senior Assistant Attorney General's legal opinion dated July 2, 2010 and titled "DEQ Authority to Develop and Implement Load Allocations for Forestland Sources" covers 4b as an alternative to TMDL.

ODEQ can contact Tracy Chellis on any questions pertaining to EPA Region 10 and Oregon's 303(d) listing process, including the current list.

Please email all for any corrections or additions to this list. Thanks again for your patience.

Regards,

Jayne

Subject: MARK YOUR CALENDAR: Tuesday May 3 at 2-2:30 PM: 4b "Other Pollution Controls" and Sediment Impaired Waters in the MidCoast Basin (Call In Number **Nonresponsive** code **Nonresponsive**)

Hi All,

As many of you heard, I am the new Oregon CZARA Coordinator. Ryan, David and I met to discuss the CZARA requirements as it pertains to implementation ready TMDLs in Oregon's Midcoast Basin. Ryan and David wanted to explore use of 4b for the sediment impaired (or likely to be impaired) waters. We thought it would be valuable to hold a discussion on 4b requirements with the larger group and invite one of our regional 303d listing coordinators. Tracy who is the Oregon Listing Coordinator was unable to make this date so Jill who is the Alaska Listing Coordinator will be available to answer our questions.

Attached please find information on 4b requirements which you are welcome to review as background and preparation for this discussion. I excerpted this information from <http://water.epa.gov/lawsregs/lawsguidance/cwa/tmdl/guidance.cfm>

Regards,

Jayne
